

# SPEAKER INTRO

And now... get ready for some serious inspiration!  
Our next speaker is ranked the No.1 Woman on the Global Customer Experience Gurus list. With over three decades of experience, she is a true authority in the world of Customer eXperience.

She's an international best-selling author of four books, a global media contributor, and a recognised voice of CX across continents.

Claire has delivered her high-energy, high-impact keynotes in over 30 countries... and in not one, but two languages—English and, of course, French (because yes, she is French!).

What makes Claire truly unique is her BizShui™ Method—a powerful blend of traditional Feng Shui and modern business strategy. She helps organisations elevate Customer eXperience, energise people, harmonise places, and nurture cultures of trust, engagement, and care.

Her presentations spark energy, shift perspectives, and leave audiences feeling empowered and ready to take action.

Please give a big, warm welcome to... Claire Boscq!
